

Elmer Hunter has achieved the record of driving the oldest car to date through the State Bank of Antioch's Tel-Air lanes. Hunter's Ford was originally sold to Frank Bock by William Rosing Ford in 1919. Hunter has owned the car for 5 years, and claims the top speed to be around fifty miles per hour.

Pollution Study Results Near

Various pollution projects, carried out along the Fox River this past summer are under study today by the Illinois Sanitary Water Board.

Biological engineers are working to compile all of the information gathered in the study.

After compilation it will be presented to the Sanitary Water Board, headed by Dr. Franklin Yoder, head of the Public Health Department and Clarence W. Klassen, technical secretary of the board.

Klassen said he is also hopeful that the study will show what is helping the algae growth in the Chain O' Lakes and the Fox River.

Algae bloom has been found as far south as Aurora in the past summers.

The Fox runs all the way from

Wisconsin to Ottawa where it joins the Illinois River, passing through Lake, McHenry, and Kane Counties.

Klassen said one of the projects was the placing of several rocks in wire baskets and then suspending the baskets in the river's water at certain intervals.

Various forms of plant life and growth on the rocks is expected to indicate what type of pollution there is in the stream, if any.

Klassen said the Fox was chosen for the first full study because of some pollution reports along the river in the past.

Rock studies have also been carried out along the Illinois River.

A date for the release of the information contained in the study has not been set, but Klassen said he is hopeful it will not be too long in the future.

Post Office Needs Servicemen's Names

Names and addresses of all Antioch area servicemen are wanted by the Post Office for the mailing of Christmas Cards from the community.

These cards will be sent to all area servicemen and women no matter where they are stationed. Donations for the Christmas packages are being accepted at the Post Office also. Money, edibles that ship well and other merchandise is welcome.

Recent donors include Wilton Electric, Mr. and Mrs. Ken Young, Art Nowakowski, F. W. Oschmann, Mrs. Robert Hart, Harriett Pierson, Mr. and Mrs. Paul Ferris, Helen Wais and Jim Kocmoud.

That the packages are welcomed is typified by these three letters recently received. They state:

"I'm very grateful to receive your package. Believe me it really is great to know the people at home are thinking about all of us here in Vietnam."

"Only too often we hear about the despondent few protesting and rioting about this ugly war, and then there are the people of America, the people of Antioch who are willing to wait for their

chance to have their say at the polls.

"You are the people who are the backbone of our great country and not the straws trying to break its back."

"To the people of Antioch, I'm very grateful for all the great gifts I've received. It's nice to know that there are people like you who care. Again, thank you very much. God bless all of you at home and I hope to join you soon."

That letter is signed Sgt. George Warchol, Co. A 2/8 Inf. Div., APO, San Francisco, 96262.

Another reads: "Dear Ladies and Gents. I want to give by sincerest thanks for the fine packages you have sent me during the past few months. My troops and I have enjoyed them a great deal and we all think Antioch is one of the finest towns going. Thank you much."

That letter was signed by Gregory W. Gube, 1st Lt., USMC. The third letter started out "Dear Sirs:

"The Nursing Staff at the 67th Evacuation Hospital wish to thank our friends in Antioch for the two

Antioch Mental Health Group Donates \$5,000

The Antioch Mental Health Auxiliary has announced that \$5,000 will be given to the Lake County Mental Health Society.

It is the second contribution this year by the auxiliary to the county facility.

Last January the Antioch faction turned over \$1,500 to the society.

The announcement of this latest donation was made at the Tuesday night's meeting of the auxiliary.

The money is raised through the many activities carried on by the group, including the Thrift Shop, the Mental Health Coillion Dance, donations and special events held throughout the year.

The Thrift Shop, operated by the auxiliary, is open Thursday, Friday and Saturday from 10 a.m. to 5 p.m.

Tuesday's meeting, which was well attended, saw six members from the newly formed Lakes Re-

gion Mental Health Auxiliary present.

The group, which is the second mental health auxiliary to be formed in Lake County, was attending to get ideas for their own future events.

Guest speaker for the evening was Curt Wennerdahl, psychiatric social worker at the Antioch Mental Health Clinic on Lake and Main Streets.

The services of Wennerdahl are available to the people of Antioch

and near-by areas through the Antioch Mental Health Society.

Anyone wishing to avail themselves of the services, may do so by calling the Lake County Mental Health Society.

Mrs. Pat Lorenz was named chairman of the dance committee and plans are in progress for the big event, which will take place sometime in April.

Mrs. John Vermeren called the

attention of the auxiliary to the work of one of the auxiliary members.

Martha Zych of rural Antioch has donated a "picture of the month" scene and the Antioch Savings & Loan Association has purchased the pictures at \$10 each.

The proceeds have been donated by Mrs. Zych to the Antioch Mental Health Auxiliary.

Fifty From Area In Award Race

Twenty-one high school students from Antioch, 27 from Lake Villa and 2 from Lindenhurst have been named among 16,019 throughout the state as semi-finalists in the 1969-70 competitive State Scholarship Program.

The semi-finalists represent 773 high schools and were chosen from the 43,958 students who entered the competition by taking either a May 11 or Aug. 3, 1968 examination administered by the American College Testing Program.

In order for a semi-finalist to be declared a winner, he must be a United States citizen, a resident of Illinois, and a high school graduate by no later than Sept. 1, 1969. Winners will be announced by mid-January.

Monetary awards up to \$1,200 for 1969-70 for use toward tuition and mandatory fees at the public or private college in Illinois of the student's choice, will be conferred upon those who have financial need. Honorary awards are conferred upon those who do

not show financial need.

All winners will receive a certificate of merit.

Frank Marotta Home, Awarded Army Medal

Frank Marotta of Lake Marig returned from Vietnam Tuesday, October 15, after serving twelve months with the 4th Army Infantry Division. Frank recently was awarded the Army Accommodation Medal for valor.

"Home looks mighty good to me," Frank said. "It just a good feeling to know that you're back and alive."

Frank was a platoon leader the last two months of his Vietnam duty.

"We were in the thick of it most of the time," he said. "Our job was a jungle and village search

enemy suffered casualties ten times greater than ours. I had about six close calls with mortar rounds exploding. One came so close, it threw me in the air and I was quite shook up, but no injuries. I was mighty lucky."

"We were equipped with the new M-16's. They were good rifles and fired well."

"The army tried to supply us with one hot meal a day," Frank added, "but if the choppers couldn't fly in, we had to rely on the old reliable 'C' ration. We had cans of beefsteak, spaghetti and meat balls, boned chicken and turkey, fruit such as peaches, and pineapple and crackers and cheese."

"Vietnam would be a nice place to vacation in, if there wasn't a war going on—but it isn't a pleasant place to be when you have to work hard, as the temperatures get pretty high."

"The people of Vietnam were very friendly, but many have lost their enthusiasm and zest for living. When their homes are destroyed—many don't try to rebuild—their attitude seems to be 'what's-the-use?'"

"I went to Tokyo last September for rest and relaxation and spent two days in Tokyo and

destroy mission, and we saw plenty of action. Our regular platoon leader was killed, and I was selected to take over his job.

"The enemy could find sanctuary in Cambodia. We could not go over the line, but had to wait for them to cross into Vietnam before we attacked."

"I spent about five months west of Danang. At that time our brigade was assigned to 'Americal' division. The enemy came at us from the north and west (Cambodia). I was in 'Operation Wheeler-Wallawa'."

Frank served on the border in Kuntun just north of Pleiku for his last five months in Vietnam. He went to Bambilluet and helped the 1st and 22nd Infantry division in a search and destroy mission. He also served at DucCo near the Cambodia line in another search and destroy mission.

"Following the awards there was a parade of costumes for both boys and parents."

Dr. Bucar Heads IPA

Dr. Albert Bucar, optometrist, of 305 Orchard St., Antioch, has been elected president of the Illinois Optometric Association.

Dr. Bucar took office at the 61st Annual Congress of the Illinois Optometric Association at the LaSalle Hotel in Chicago.

In his inaugural address, Dr.

Dr. Albert A. Bucar, Optometrist of Antioch, received acclaim during his installation, as President of the Illinois Optometric Association from Secretary of State Paul Powell in foreground and Director of the Department of Registration and Education, John Watson, in background.

Bucar indicated that his administration would launch an aggressive program of public education on the importance of early diagnosis of amblyopia, which affects about 4 per cent of our population.

He stressed the importance of an examination at an early age which would permit the most effective remediation.

He said with an intensive program of education, it is his hope, that we can significantly reduce the number of children with lowered visual acuity due to this vision defect.

Dr. Bucar was born and educated in LaSalle, Illinois and received his degree in optometry from Northern Illinois College of Optometry.

He is past president of the Antioch Lions Club, member of the Antioch Community High School Board of Education, and president of the St. Peter Grade School Board of Education.

He resides with his wife Phyllis and their two sons, Bruce and James, at 542 Winsor Drive in Antioch. A daughter, Susan, passed away Sunday, Oct. 27, 1968.

stop sign on Grant Street and Rte. 59, then sideswiped a utility pole before going through a cyclone fence and slamming into a tree, 75 feet north of Grant St.

Mr. and Mrs. John Kenney, of Antioch, witnesses to the crash, said that Strobel's car passed theirs on a curve at a high rate of speed, left the road and then returned and then zig-zagged about 200 feet before going off the highway a second time.

Hell's death raised to 77 the number killed on Lake County roads this year as compared to 71 last year.

Strobel was charged with reckless driving.

Hell, whose body was taken to the Hamsher Funeral Home, Fox Lake, is survived by his father, Donald R. Hell, Sr.; his mother, Mrs. Maureen Hell of Chicago; step-mother, Mrs. Emily Hell of Antioch, a sister and three brothers.

Mass was celebrated Tuesday at St. Bede's Catholic Church, Ingleside. Burial was in the church cemetery.

In another accident last week, Mrs. Virginia M. Miller, 45, of 1061 Victoria St., Antioch, was injured when he rear rolled over when she lost control on Rte. 41, a mile south of Wadsworth Road.

Mrs. Miller, who was trapped in the vehicle, was taken to Lake Forest Hospital for treatment. An investigation showed that a rear tire blew out.

Mrs. Robert Thompson of 334 Elmwood Lane, Antioch, was treated in Victory Memorial Hospital last weekend for injuries suffered in a three car accident at Grand Avenue and Jackson Street, Waukegan.

Mrs. Thompson was a passenger in a car driven by her husband, Robert, 49. Other drivers involved included David Norkus, 21, and John A. Horron, 19, both of Waukegan.

Our Selections

Picking candidates for political office is a hard job, especially on a national and state level. It is very seldom that the candidates hit the area for any length of time—if at all—so all you have to go by is what they say and how they appear when they say it.

On the national scene we will have to go along with the candidacy of Richard M. Nixon.

Nixon, although not holding public office for several years, in our opinion has kept his finger on the pulse of the nation and knows the ills. Whether he can come up with the programs to cure these ills we will never know unless we give him the opportunity.

We are not for change for change sake, but we feel that Vice President Humphrey would possibly carry out the same policies that we have seen over the past few years.

In the Governor's race, it is true that Gov. Samuel Shapiro and lieutenant governor candidate Paul Simon have a combined 36 years of experience while GOP candidates Richard Ogilvie and Robert Dwyer have none.

But experience alone is not enough to fill the chairs they seek, in our opinion, and we are fearful that Mayor Richard Daley might get his fingers further in the door of state government if it came to pass.

We will therefore have to go along with the choice of Ogilvie and Dwyer as against Shapiro and Simon.

On the national scene again, our choice for U. S. Senator is Everett M. Dirksen and we are sorry that he is not about 10 years younger, for if he were we would plunk for him for president.

Twelfth District Congressman Robert McClory also gets our nod for another term in office. McClory has shown up well in his years in office and we see no reason for a change.

For the post of secretary of state we have no choice.

Paul Powell, the present secretary is well versed in the school of government and has made improvements in the office and we believe will continue to do so if he is retained.

Donald Carpentier is an up and coming GOP leader, as he has already proven in the state senate, and we feel that if he were elected to the post he would also do a good job for the people of the state.

Our vote for auditor must go to the present incumbent Michael J. Howlett who has been lauded in all corners of the state for the job he is doing in the office.

His opponent, Sen. William Harris, who has run up an admirable record in the state legislature, is also equipped to handle the job but we cannot see throwing a good man out of office for another good man.

Our selection for attorney general is William J. Scott, former state treasurer. We are sure that Scott, if the constitution would have allowed it, would have been retained in the treasurer's post.

We feel that to return him to public office would be in the best interests of the people of the State of Illinois.

Burglars Active In Area

There were several reports of looting in the area over the weekend.

John Esterbrook of Crawford Road, Antioch, discovered the burglary of his home on Saturday, October 21. A window on the south side of the home was broken and electrical appliances, lawn chairs, dishes and plates were missing.

Neighbors reported seeing a truck cruising around the neighborhood earlier last week.

Cigarettes and \$1.00 from the cash register were taken from the Dog 'N Suds on Rte. 173 west of Rte. 59. The owner, Silas Cornelius, reported that the window in the metal door on the west side of the building had been broken and he estimated the window damage to be about \$100.

A radio and an electric blanket were reported taken from a summer home owned by Eleanor Perry of Chicago at 1211 Dell Drive, Antioch. She valued her loss at \$51.

Two lawn chairs worth \$100 according to owner Berry Dunning of Rt. 5, Antioch were taken from his property between Thursday and Saturday of last week.

Richard Legler of Rt. 1, Salem, reported the theft of an air cleaner from a 1965 model auto recently. Sheriff's deputies were investigating a break-in at the Lake Shangri-La home of Russell Engberg of Rt. 1, Bristol. Vandals broke two windows according to the report.

Three squirrel hunting youths were ordered to report to the sheriff's department recently, following an incident in which a Wisconsin woman was wounded in the neck by a stray bullet. The incident occurred at Silver Lake, Wis.

Mrs. Donald Ellis of Rt. 1, Salem reported that someone had shot at her car, striking the windshield as she drove along Hwy. 50 just east of Hwy. 83.

Letters to the Editor

The Antioch News
966 Victoria Street
Antioch, Illinois
Dear Editor:

May I express the appreciation of the Antioch Congregation of Jehovah's Witnesses for the excellent coverage the Antioch News gave our recent Bible Convention in Grayslake.

All of the congregation have taken note of the articles, and many of our friends and acquaintances have mentioned them too. We feel sure that they contributed to the success of the assembly.

Certainly all who attended the convention were stimulated by the peaceful and warm Christian atmosphere there. It seemed to fit right into the main discourse, "God's Way Is Love," which was attended by 1,800.

We sincerely hope that the counsel brought to our attention will help to make us live our religion twenty-four hours each day.

Our thanks once again for your help in making the assembly a success. May we wish continued success to the Antioch News as you perform an excellent service in our community.

Yours truly,
David L. Mitchell

VIETNAM XMAS BOXES

Don't forget—Nov. 19 is packing day for Project Vietnam's Christmas boxes for the boys in Vietnam... so get your contributions over to the Post Office before that date. Also—when you make that trip to the Antioch Post Office, don't forget to add your name and be a "signer" of the Christmas Cards that will go out to all the area men and women in service, regardless of where they are stationed. If your family has a boy in service—be sure his name is on the Christmas card list at the post office. Till another day,

Wilmot Man Helps Recover Plane In Vietnam

WITH U. S. COMBAT AIR FORCES, VIETNAM — Mud, bursting air bags and enemy fire merged to badger Sergeant Russell L. Tilton of Wilmot, Wis., but when he finished his job, a valuable transport was airborne over Katum, Vietnam.

Sergeant Tilton, son of Mr. and Mrs. Wayne A. Tilton of Wilmot, was a member of a 12-man U.S. Air Force maintenance team that recently recovered a C-123 Provider in an operation that was first thought to be impossible.

The Provider lay mired in mud with all three landing wheels off the runway at Katum. One propeller was bent; the left jet engine was an inch off the ground; the right wing extended 30 feet across the 60-foot wide runway. The airstrip was blocked to other fixed-wing resupply aircraft and the provider had to be quickly recovered or destroyed.

Sergeant Tilton began the assignment that was plagued with difficulty but conquered by persistence when he boarded a helicopter at Phan Rang Air Base for the trip to the special forces encampment northeast of Saigon near the Cambodian border.

He and his crew were initiated to the trials of the job when incoming mortar rounds forced their helicopter to take off from Katum before their equipment was completely unloaded. Using inflatable air bags, the team began the arduous task of lifting the transport during a lull in the attack, but mortar fire took them off the job periodically and then three lifting bags ruptured from pressure.

The men took shelter as they awaited replacements from Phan Rang and then, even as enemy fire continued to pound the area, resumed work. They were again delayed, this time by darkness.

Sergeant Tilton and the crew tackled the job in the early daylight that also brought increased enemy activity. On their third attempt to get the transport on to the runway, the Provider yielded. Supporting tactical fighter pilots blasted the surrounding area with bombs and strafed as the maintenance men replaced the damaged propeller, started the en-

First Batch Of Plates In The Mail

The first group of 1969 motor vehicle license plates is in the mail, Secretary of State Paul Powell announced.

This marks the third year in a row that a new record has been set for early delivery of license plates, Powell said. In 1966, the customary start of plate mailing on December 1 was advanced to Nov. 15, last year mailing started on Nov. 2 and this year it started on Oct. 15, he pointed out.

At present, close to a million applications have been received in his office, almost double the amount received at the same time a year ago, Secretary Powell said.

A total of 100,000 applications had been received this year at the time it had been customary in the past merely to begin distributing application blanks, he said.

The 21-year-old sergeant is a 1965 graduate of Wilmot High School.

In general, plates will be mailed in numerical and alphabetical sequence, but all reassigned numbers and numbers assigned in response to requests, regardless of their letter and digit combinations, will be in the mail between Nov. 15 and Dec. 1, another new record for early delivery of plates, Secretary Powell said.

He cautioned motorists that the law prohibits display of the plates before Dec. 1. A warning to this effect is printed on the plate envelope, he added.

"Use of automated equipment, which made possible the pre-printed applications mailed to all passenger car owners for the first time this year, has contributed substantially to this faster service to motorists, Powell said.

At present, close to a million applications have been received in his office, almost double the amount received at the same time a year ago, Secretary Powell said.

A total of 100,000 applications had been received this year at the time it had been customary in the past merely to begin distributing application blanks, he said.

It's four o'clock before many people really begin to work.

Conference On Black Capitalism

In a move to convey to the Chicago community Richard Nixon's provocative ideas for attacking the ghetto problems of the city and inner city, William H. Rentschler has announced "A Conference on Black Capitalism," sponsored by Illinois Citizens for Nixon-Agnew, of which Rentschler is state chairman.

The conference, which will be open to the public, will be held on Thursday, Oct. 17, from 9 a.m. to 2 p.m. in Grover M. Herman Hall on the Illinois Institute of Technology campus, 3241 South Federal, Chicago.

"Our aim is to make this conference an exciting, challenging educational event far different from the usual fare dished up by political candidates in an election year," Rentschler said.

"Politicians often talk at people and even down to people," Rentschler noted. "Richard Nixon means to proceed in a new direction; to show his respect for the intelligence of the citizenry, and to respond thoughtfully to the people's quest for stimulating, workable, new approaches. That is the objective of 'The Conference on Black Capitalism.' We hope it will start a trend and breathe some fresh air into the sometimes stagnant political atmosphere."

Rentschler said the conference will probe three main areas: the basic "black capitalism" concept and program outlined originally by Nixon in two speeches on "Bridges to Human Dignity," actual examples of how "black capitalism" works to improve the status of black people, and new approaches to better health care for residents of the ghetto, especially children.

Among the participants in the conference are John McClaughry, until recently a Fellow of the John F. Kennedy Institute of Politics at Harvard University, who will lead a panel of three in discussing Nixon's "black capitalism." McClaughry, who helped conceive Sen. Charles H. Percy's "home ownership" measure for low-income ghetto dwellers, has worked closely with Nixon in developing the legislation required to implement the black capitalism idea.

Dr. W. Randolph Tucker of Presbyterian-St. Luke's Hospital, Chicago, author of an extensive survey on medical education in Illinois, will head the three-member ghetto health panel.

Working closely with Rentschler in developing details of the conference are Connie Mack Higgins, a member of the Nixon-Agnew staff in Illinois, and Hale Nelson, a consultant in urban affairs and former senior vice president of Illinois Bell Telephone Company.

"Mr. Nixon's proposals for bringing to the ghetto the light of hope and pride and self-respect" have been widely acclaimed by thoughtful students of urban affairs, by businessmen, educators, and editors, by black and white leaders, by many citizens from every walk of life who realize the old ways have failed to meet the pressing needs of today," Rentschler stated.

Rentschler said "Nixon is the only Presidential candidate who has addressed himself realistically to the problems of the ghetto, and many people are eager to know more about what he proposes. We shall seek through this conference to present a picture of the specifics of the Nixon program, as well as its immense and exciting potential."

Pond Work Gets Okay By Village

Mayor Raymond Toft Tuesday announced that the Cunningham Cartage Co., of Antioch, has been given the contract to haul dirt from the polishing pond at the Antioch sewage disposal plant.

The contract calls for a price of 70 cents a yard.

Toft said that about 32,000 yards of dirt have yet to be moved and that the firm will also shape the pond as it removes the dirt.

The project is expected to be completed before the deep winter freeze sets in.

Toft also announced that former Police Chief Harold Mason will return to the Antioch police force as a patrolman in about a week.

Toft said he and the board of trustees was pleased that Mason is rejoining the force.

Your Congressman Reports....

By Cong. Robert McClory

There seems to be a dearth of comment on the accomplishments of the 90th Congress. This mysterious silence results from a noticeable lack of interest on the part of the President who is none too happy with the independence displayed by the U. S. House and Senate during these past two years.

This much is clear. The Congress has measured up to its constitutional role as an "independent" branch of the Federal Government. In addition, the accomplishments of the 90th Congress have been quite spectacular and constructive. But much that the Congress has accomplished, has been in spite of, and sometimes in opposition to, the President.

For instance, take the current issue of "law and order." The Congress rejected the President's "safe streets" measure with its Great Society pattern of more Federal bureaucracy and a typical grant-in-aid program.

Instead, the Congress adopted a new approach in writing a comprehensive Omnibus Anti-Crime Bill including (a) creation of an institute to train law enforcement officers and encourage research into scientific advances for fighting crime; (b) authority for wire-tapping under court direction in cases of organized crime; (c) clarification of police investigation procedures in an effort to avoid U. S. Supreme Court interferences; (d) requirement for cooperation between federal, state, and local authorities.

Over the opposition of the U. S. Attorney General, the Congress passed an anti-riot bill and a measure making it a Federal crime to burn or otherwise desecrate the American flag.

The Congress also enacted stiff gun control legislation banning interstate sales of all types of guns and ammunition.

Several other measures to improve law enforcement in our Federal courts are these: (a) creation of a new Federal Judicial Center designed to speed up and improve the administration of justice, particularly in criminal cases; (b) establishment of a system of Federal magistrates (with broad jurisdiction) to replace the politically dominated and frequently unskilled U. S. Commissioners; and (c) a new method of selecting jurors to assure that no discrimination shall be practiced because of race or color.

The area of civil rights was considered in other legislative measures including a bill to protect persons in the exercise of existing constitutional rights and those who are assisting persons in registering, voting, or pursuing other civil rights such as equal job opportunities, public accommodations, and fair housing. An equally important measure was the bill to protect law enforcement officers and others involved in suppressing riots and disorders occurring in connection with violent demonstrations.

The Congress took particular note of the subject of education by establishing the Vocational Education Act to update the practical training services which public schools should offer to those who do not choose a college education. Also, the Congress provided for expansion of the school lunch program and for extending provisions for loans and other support for students seeking a higher education.

Other significant legislation includes: (a) a new law relating to juvenile delinquency; (b) a new Wholesome Poultry Act which requires state inspection of poultry products; (c) a new statute to protect the public health by controlling the use of drugs administered to animals raised for human consumption; (d) an amendment to the Truth-in-Lending Act to require full disclosures of interest and carrying charges; and (e) a bill to protect consumers against hazardous products including flammable wearing apparel.

Most of these accomplishments by the 90th Congress have been without the initiative or support of the Administration. Indeed, the present Congress has not been content to advance its own legislative measures but has undertaken to substantially revise much of the misdirected and ill-advised legislation of the earlier Great Society era.

Illinois Veterans Take Heed

For more than 98,000 Illinois veterans and dependents on Veterans Administration pension rolls, the end-of-year annual income questionnaire will come a month early this year—and it is more important than ever.

John B. Naser, manager of VA's Regional Office in Chicago, said today that check-sized report cards will be enclosed with pension payments mailed about Nov. 1, instead of the usual Dec. 1. Deadline for returning the questionnaire to VA has also been moved up, from Jan. 31 to Jan. 15. Rearrangement of the reporting dates was necessary to assure that checks to be mailed Feb. 1 can be properly adjusted under restructuring legislation enacted by Congress this year. VA must have the pensioner's report of outside income in order to compute his continued entitlement or to increase his rates under the new Public Law 90-275, which becomes effective Jan. 1, 1969.

Both of VA's two pension programs are affected. Currently VA pays pensions to 18,725 living veterans and 11,375 dependents of deceased veterans under the old or protected pension law, in effect prior to 1960.

For these, rates have been \$66.15 to \$78.75 per month. Income limitations have been \$1,400 for a single veteran and \$2,700 for a married veteran.

The new legislation increases these limitations from \$1,400 to \$1,600 and from \$2,700 to \$2,900. While actual pension rates for this old group are not affected, the result of restructuring the income limitations will increase the number of eligible veterans, the manager explained.

Under the so-called new pension law, in effect since 1960, 37,461 living veterans and 28,704 dependents of deceased veterans in Illinois receive monthly checks. For this group, the rates vary from \$45 to \$104 a month for a single veteran, depending on the three brackets his outside income falls in, i.e., \$500, \$1,200 and \$1,800. The 1968 law creates 18 income brackets instead of three, ranging from \$400 to \$2,000.

Pension rates will vary in each bracket with rates ranging from \$29 (in the \$1,900 bracket) to \$110 (in the \$300 or less bracket). Similar provisions are made for veterans with dependents with rates payable from \$34 (in the \$3,100 bracket) to \$120 a month (in the \$500 or less bracket).

Adjustments for widows with no dependents run from \$17 (in the \$1,900 bracket) to \$74 (in the \$300 or less bracket). Widows with one child get from \$41 to \$90 a month, again dependent on the income bracket. Additional sums of \$16 are paid for each individual child.

Nationally, nearly 2,000,000 pensioners will be called on to report their income. The new law is expected to increase pensions

Tom Steiskal, Van Buren Push Nixon

Tom Steiskal, Antioch, and Wayne Van Buren, Round Lake, have been given the responsibility for the Nixon campaign in Antioch and Avon Townships.

The appointments were made by Irl H. Marshall, Nixon delegate to the convention, and 12th District coordinator.

They will cooperate with the two Nixon Lake County Coordinators, Robert P. Will, Jr., Zion, and Mrs. Walter Hans, Lake Zurich, and with Helen Burke who is concentrating on organizing women for Nixon.

Steiskal was a Nixon candidate for alternate delegate to the convention. Van Buren is the 13th Precinct, Avon Township Republican Committeeman.

Steiskal says, "We are finding that many Independents and Democrats are eager for a change... and we welcome them to join us in working to make sure that Nixon is elected to make this change."

Nixon petitions are being circulated and volunteers are asked to phone Steiskal or Van Buren.

more than half of them by \$120,000,000 a year.

Naser pointed out that the law provides that no beneficiary on VA's pension rolls will have his pension reduced next year as the result of increased Social Security payments.

The manager also stressed that Illinois veterans who receive pensions under the old protected law in effect prior to July 1, 1960, may find it to their advantage to come under the new law. If so, VA will notify each recipient and, if the veteran elects to change before May 1, will increase payments retroactive to Jan. 1, 1969.

Naser had one word of warning: Payments will be discontinued Feb. 1, to all pensioners who have not returned their completed income reports. Don't simply extract the pension check Nov. 1 and throw away the envelope, the manager said. Inside will be the reporting card and special instructions from VA.

Income reports are required only from pension recipients, Naser explained. Veterans receiving compensation for service-connected disabilities will receive automatic increases, averaging 8 per cent Jan. 1, 1969, under a different law enacted by Congress this year.

Court Rules Bartender Is Innocent

Vlademar B. Peterson, of Lake Villa was found innocent last week of selling liquor without a valid liquor license at Henning Johnson's Deep Lake Resort.

The resort is owned by Thomas Griffin, 49, of 992 Victoria St., and Frank Dowling, 60, of 585 Orchard St., both of Antioch.

The establishment was raided last month by two members of the state liquor commission, an Illinois state trooper and an observer from the Chicago Crime Commission.

Testimony at the trial showed that Griffin and Dowling had a valid Lake County permit and had applied for both the state and federal licenses, a process that takes about 30 days.

The Lake County Liquor Commission granted the license to the two men last Aug. 27.

Circuit Court Magistrate Peter Melius tried the case after Peterson waived a jury trial.

Assistance Given To 3,386 In Lake County For August

The Illinois Department of Public Aid's August 1968 report shows that the number of persons on public assistance programs in the state increased 5,704 in August over the July total of 495,657.

Expenditures for August were \$35,025,019.

Lake County assisted 3,386 persons during August, at a cost of \$233,694.

Of this number, 515 received old age assistance amounting to \$66,000. In the Aid to Dependent Children category, 1,845 were helped in Lake County for August, at a cost of \$96,507.

Lake County's blind, who received help, numbered 18 and they received \$1,826.

Disability Assistance was given to 221 Lake Countians at a cost of \$32,465.

On the General Assistance rolls there were 787 at a cost of \$36,836 for the month of August for Lake County.

The state old age assistance program for August 1968 averaged \$118.51 per person. The blind assistance averaged \$116.73 per person; and the disability assistance for August 1968 averaged \$133.60 per person.

The Aid to Dependent Children in Illinois averaged \$53.75 per person, an increase from the \$47.24 average in August 1967. The General Assistance aid averaged \$68.03 per person for August 1968, up \$9.44 from August 1967.

Hogan Named To Shapiro Committee

Jack Hogan, of Wadsworth, has been appointed to serve on the executive committee of Illinois Businessmen for Governor Shapiro.

He is among hundreds of prominent Illinois business leaders from all 102 counties in the state who are mobilizing support of the business community for the election of Gov. Samuel H. Shapiro.

Hogan said Illinois business firms have enjoyed uninterrupted prosperity and growth since Gov. Shapiro and former Gov. Kerner took office in 1961. He cited as examples the state's seven consecutive record-breaking years in industrial development, corporate profits of \$4.8 billion in 1967, national leadership in exporting, record low unemployment compensation taxes and a climate generally conducive to business expansion.

The state old age assistance program for August 1968 averaged \$118.51 per person. The blind assistance averaged \$116.73 per person; and the disability assistance for August 1968 averaged \$133.60 per person.

The Aid to Dependent Children in Illinois averaged \$53.75 per person, an increase from the \$47.24 average in August 1967. The General Assistance aid averaged \$68.03 per person for August 1968, up \$9.44 from August 1967.

Homemaking Show Attracts 1000

"Jack of All Trades" was the theme of the Homemaking Arts Show held October 23 in the Fairgrounds Auditorium, Grayslake. Almost 1,000 persons viewed the 20 educational craft exhibits of the Home Economics Extension Units.

Each booth, featuring a particular handiwork, was planned by a Laika Co. Extension Homemaking Unit. Members of each unit demonstrated their special crafts continuously during the 11-hour show.

For those with a green thumb, the Village Afternoon Unit (Grayslake) featured houseplants, while the Fireside Unit (Libertyville), presented the "Magic of Herbs and Spices" demonstrating sugar molding with herbed and speeded sugar. For those who have trouble growing their own flowers, the O'Plaine Unit (Gurnee) demonstrated making life-like paper flowers in their "Flower Power" booth.

Baked goods were displayed and sold by the West Warren (Gurnee) and the Lake Region (Antioch) Units.

The Gurnee Evening Unit featured table accessories in their "Informal Dining" booth. Com-

plementing the table accessories of the Gurnee unit were the candles made by the Wildwood Evening group. Molds for the candles were made by the husband of one of the unit members.

Wall hangings and decapage were a popular exhibit. The Wadsworth Unit featured decapage, while the Deerfield Unit showed decapage as well as wall hangings with dried plant materials arranged on wood. The Volo Unit also displayed wall hangings, but stressed Christmas hanging and pine cone craft.

For those with nimble fingers, the Green Bay Unit (Waukegan) demonstrated crocheting and knitting and Libertyville Unit showed crewel work and hooked rugs. The Chain O'Lakes Unit (Inglewood) featured creativity in stitchery using colorful yarns and burlap for making bulletin boards, waste baskets, wall hangings and yard stick holders.

The American Unit (Grayslake) displayed mosaics while the Wadsworth Unit showed clever ideas for using plastic and glass such as Christmas and household accessories.

"Gifts for the Family" were presented by the Ben Port Unit (Wadsworth, Zion), while the Countryside Unit (Mundelein) demonstrated aprons. The Fremont Unit (Mundelein) displayed many types of dolls including rag, dried apple, and ceramic dolls. In the "Kiddie Korner," the Avon Unit (Lake Villa) displayed gifts for children including smocks, aprons, bibs, and children's room accessories.

In a separate booth, the American Handicraft Company demonstrated various crafts during the day, giving visitors tips on "do-it-yourself" projects such as leather work and imitation tiffany stained glass lamps.

The hundreds of visitors not only spent an enjoyable day with friends at the various booths, enjoying the refreshments, and went home with instructions and many new ideas to make and use in their homes.

Mrs. Warren Chard, Membership Chairman, received a number of requests from women who are interested in joining one of the Home Economics Extension Units in the county. Anyone interested in joining a homemaking unit should contact Mrs. Chard at BA 3-5343.

Mrs. Donald Isleib served as the very efficient chairman of the 1968 Homemaking Arts Show.

Ray Rathmann, Sr., Oakwood Knolls, and Dr. George Plack of Antioch, have recently returned from an eight day fishing trip, spent at Caribou Lake, Ontario, Canada. The men drove to Armstrong, Ontario, and then were flown by a chartered sea-plane, to Caribou Lake. Unforeseen circumstances caused the men to be "on their own" without the usual guide and cook. However, the two seemed to have survived their own cooking very well, and came back with some good sized fish to substantiate their stories of excellent fishing conditions!

After "roughing it" in the wild mountainous terrain of Colorado for nearly two weeks, Bernard Stadick, returned home, bearing a much prized trophy—a five point mule deer, weighing over 200 pounds. Mr. Stadick was accompanied by two Waukegan friends both enroute to Fruita, Colorado, and back home. In Loveland Pass, Colo., they encountered six inches of snow. The men camped high in the Rocky Mountains (8,000 ft. elevation), and in hunting the deer, they had to scramble down steep ravines, and down the mountainsides, to bag their prey. "Bernie" shot his deer the very first day of hunting. The beautiful many-antlered deerhead is being prepared by a taxidermist, and will soon grace the wall of their home.

Legion Auxiliary

By Del Jahneke

There will be a regular meeting of the Antioch American Legion Auxiliary No. 748, on Friday, Nov. 8, at 8:00 p.m., at the Antioch American Legion Home. Mrs. Bernard Stadick, President, will conduct this meeting.

The first Legion get-together and pot luck of this year was held on Sunday afternoon, Oct. 20, at the Antioch Moose Home with 14 members present. The business of the last meeting was reported followed by a presentation of a gift to Geri Good. The gift was a cleverly made Legion Tsh, made from dollar bills, which was presented to Mrs. Good for all her efforts in making the dinner outing of the last meeting the big success that it was. It was decided by the Legionnaires to have a Pancake Supper on Saturday evening, December 14 with a dance to follow. Serving will be from 4 to 9 p.m. The proceeds made from this project will go to replenish the front of the Moose building. Senior Regent, Shirley Gehris was the lucky girl to win the attendance prize but she also ended up washing dishes following the pot luck supper. The next Legion get-together is set for Sunday, November 17, starting at 4:30 sharp.

Donations are still being accepted by Henry Grove for the Feather Party to be held on Saturday evening, Nov. 2. This has always been one of the biggest projects of the year and all proceeds made go strictly for the benefit of the children. A poster board listing the names of all donors is posted at the Moose Home for every member to view. You can help in this worth while cause by adding your name to this list. Presentations can be made at the Moose Home or to Henry Grove himself. The Rhythm Kings will furnish the music for dancing as they have done in the previous years. The program

has been set for entertainment to satisfy every member. Plan to attend and be sure to arrive early in order to reserve space.

Roast Turkey with dressing and all the trimmings was the dinner set for Tuesday-evening's meal, Oct. 29. Lillian Birdsall was the receiver of the gold pot award of Oct. 15th, which she donated to the Henry Grove's party project.

The serving of the members' birthday dinner was held following the meeting of Wednesday evening, Oct. 23. All members who had a birthday in the month of October were honored on this evening. A dinner of baked chicken and all the trimmings was served to those who attended. The next birthday dinner is scheduled for Wednesday, Nov. 27.

New members enrolled at this ceremony were: Lester F. Bergstrom, George L. Richards, Bill Tollison and Francis Patnaude, all sponsored by George W. Primus; Howard R. Larson, sponsored by Ralph Culver, Chester W. Split, sponsored by Hugo Holbek, Preston Sloven, sponsored by Jerry Stoen, Richard Fuss, sponsored by Ken Moore, Joseph D. Titus, sponsored by Henry Grove, and Durwood D. McIntyre, sponsored by Arthur Anderson.

Re-enrolled for the evening were Clarence J. Hausner, sponsored by Governor Scotty Birdsall, Woodrow Litchford by Lester Sperling and Edward Fry by Stanley Hermann.

Transferred in from other lodges were Frank J. Hauser and Eugene H. Kuntz for a total of fifteen members being added to the membership roll of the Loyal Order of Antioch.

On behalf of the Secretary of the Navy, Rear Admiral George E. Moore, II, SC, USN, rt., Vice Commander, Naval Supply Systems Command, Washington, D. C., fastens the Legion of Merit medal on the uniform of Captain W. F. Harvey, Jr., SC, USN, who retired October 1 after 28 years of commissioned service with the Navy. The President of the United States awarded the Legion of Merit to Captain Harvey, "For exceptionally meritorious service from July 1966 through September 1968 as Commanding Officer, Navy Electronics Supply Office, Great Lakes, Illinois."

The Emmons School Parent's Club will be holding their annual combination public card party and "Fashion and Fur" Show, on Tuesday, Nov. 12, at 7:30 p.m., in the school's new gymnasium.

An added attraction this year will be the showing of fur fashions from Olson's of Grayslake. Mrs. Dan Maras is the general chairman. Each Parent Club mother will be contributing her favorite fancy dessert for the refreshments. All types of card games will be played.

This card party and fashion show is open to all men, women and children who wish to attend. This will be the first event to take place in the Emmons School new gymnasium.

Do you remember the good old days when two could live as cheaply as one?

Barbara Haase To Wed In May

Mr. and Mrs. Clarence Haase, of Antioch, announce the engagement of their daughter, Barbara Jean, to Allen C. Glader, son of Mr. and Mrs. Edward Glader of Lake Forest.

Barb, a 1966 graduate of Antioch Community High School, is employed by Norman S. Jedgele, certified public accountant, Antioch.

Glader graduated from Lake Forest High School in 1964. He has served two years in the army, including twelve months in Vietnam. He is now employed at Deerfield Van Lines.

A May wedding is being planned.

CO-OP NEWS

The CO-OP Needlecraft Club will hold its regular monthly meeting in Pioneer Hall at 2424 Washington St., Waukegan, on Monday, Oct. 28, at 7 p.m.

The project for the evening will be the making of a Casserole Carrier. Each one should bring 1/4 yard of sturdy cotton or denim material, either plain or printed, and five yards of double fold bias tape to match or blend. Also needed will be needle, thread, scissors, thimble and a large brown paper bag for cutting the pattern.

Members are reminded to bring along Christmas items that would be fun to make at the November meeting.

CHRISTIAN SCIENCE CHURCHES

A well-loved verse from Psalm 130—"Let Israel hope in the Lord: for with the Lord there is mercy, and with him is plenteous redemption"—is part of a Bible Lesson-Sermon titled "Everlasting Punishment" to be read in all Christian Science Churches this Sunday.

Services at First Church of Christ, Scientist, BEACON HILL, Rte. 173 and Harden, Antioch, will begin at 11 A.M.

Selections to be read from the denominational textbook, Science and Health with Key to the Scriptures by Mary Baker Eddy, include the following: "Divine Love corrects and governs man. Men may pardon, but this divine Principle alone reforms the sinner. God is not separate from the wisdom He bestows. The talents

Capt. John H. Garrett Jr., has taken over as commanding officer of the Navy Electronics Supply Office at Great Lakes, from Capt. W. F. Harvey, Jr., who retired after 28 years in the Navy.

He gives us must improve. Calling on Him to forgive our work badly done or left undone, implies the vain supposition that we have nothing to do but to ask pardon, and that afterwards we shall be free to repeat the offense."

When grades or friendships seem to be going wrong, high-school students needn't accept frustration. Christ Jesus found strength in a humility that recognized God as the source of ability. We can learn from his example. Listen Nov. 3 at 9:30 a.m. on WAIT (820 kc.) to "HELPING YOUTH COPE WITH FRUSTRATION."

State Helps Uninsured

Two code department directors and the secretary of state have joined in an effort to prevent uninsured motorists who have been involved in accidents from being victimized in the purchase of insurance.

Directors John F. Bolton of the Department of Insurance and Norbert J. Johnson of the Department of Public Works and Buildings and Secretary of State Paul Powell announced that all motorists certified by the Division of Highways to the Secretary of State's Office for possible suspension of their licenses will receive a warning prepared by the Department of Insurance to purchase insurance only from licensed insurance agent or broker of their choice.

In some cases, insurance operators have obtained the names of persons facing possible suspension of their licenses and misled them concerning their insurance needs. This has resulted in purchase of unnecessary insurance in some instances and charging exorbitant rates in others, the three men said.

Pay Hike Not So Generous

"Don't count your chickens until they are hatched," was good advice in Grandpa's time and it is still good advice today, the Taxpayer's Federation of Illinois said in its weekly release.

Charlie Green, Tax Foundation's imaginary but fairly representative white collar worker, got promoted to a new post with his company last Spring, and, this meant an increase in salary of \$1600 per year (his salary is now \$12,000 per year). Charlie, his wife, 15 year old daughter and 17 year old son in a senior high school, were all jubilant with Charlie's success.

Then too, they were all thinking of those extra 1600 dollars and what nice things they would buy. But Charlie's pleasant smile soon turned down a bit at the corners of his mouth, because he and his family were not going to have \$1600 more to spend but only a net of \$853 instead. How come?

Charlie and his family temporarily forgot that with the good comes the bad. Along with his pay raise, social security increased \$53, his Federal income tax (with the Surtax) went up \$396, and the old bear "inflation" reached out and got \$298. Don't be mistaken, Charlie appreciated his net \$853 out of the \$1600, but he can't help reflecting, "wouldn't it have been nice if it had been a bit more."

As he thought it all over one evening, Charlie wondered what his total tax burden was. He got out his pencil and with some information from Tax Foundation, Inc., broke it down this way: Federal, \$2169; State, \$610; local, \$1,301; total tax bill, \$4080, or 34 per cent of Charlie's income. Going to his old rolled-top desk, Charlie pulled out figures for 1958, just 10 years ago, and found this breakdown: salary, \$7500; Federal tax, \$1266; State tax, \$169; local tax \$590; total tax load \$2025, or 27 per cent of his 1958 salary. "As he prepared for bed, Charlie mumbled to himself, "A 102% increase for me in 10 years, and government is still spending more than it is taking in; I hope that I can sleep."

Social Security tax is also going up next year and that will cost \$31.20 more.

Salvation Army Youth Congress Set

More than 3,000 delegates, leaders and corps officers from the midwest will attend the Salvation Army's seventh biennial Territorial Youth Congress in Chicago on Saturday and Sunday, Nov. 2 and 3, in the Conrad Hilton Hotel.

The congress will be the climax of the Army's observance of 1968 as World Youth Year, and the theme will be "The World's Answer—Christian Youth."

The delegates, ranging in age from 10 to 30 years, will represent Salvation Army corps in the 11 states of the Central Territory. Among the congress highlights will be a musical, "Take-Over Bid," written especially for the World Youth Year by two English officers at the request of the Army's General Frederick Coult. The play, with a cast of 100 actors and musicians, will be presented at 7 p.m. on Saturday in the auditorium Theater by the Royal Oak (Mich.) Musical Players.

Other sessions will feature rallies for corps cadets, guards and scouts, college students, young people in the business world, musicians and singers, pre-teens and junior soldiers, future Salvation Army officers, and young adult leaders.

The keynote session will be held at 1:45 p.m. Saturday in the International Ballroom with the Indiana Youth Band furnishing the music.

Humphrey Is Doing Fine Here

A door-to-door Presidential preference poll covering over 26,000 Illinois voters last week uncovered two surprising facts: 1) Hubert Humphrey is running better in Illinois than generally believed, and 2) substantial numbers of voters are still undecided.

Humphrey received 37 per cent of the Illinois vote among those polled, compared with 32 per cent for Nixon and 6 per cent for Wallace, tabulation of the poll revealed today.

Twenty-five per cent of those polled were still undecided about how to cast their vote. The poll was part of a mass canvass and voter registration effort conducted throughout the state Saturday and Sunday by the Illinois Youth Coalition for Humphrey, a segment of the All-Illinois Committee for Humphrey-Muskie. Coalition members reached some 60,000 people in Illinois with various forms of campaigning.

In the Presidential preference poll, young people asked 26,550 people how they would vote if the election were to be held now. The results were: Humphrey, 9,941; Nixon, 8,417; Wallace, 1,513; Undecided, 6,679.

Larry Miller, Youth Coalition Chairman, called the Poll "a real life to Humphrey's Illinois campaign."

Humphrey made his best showing in the predominantly Negro second ward of Chicago. Of the total 2,000 individuals polled, 94 per cent indicated a preference for Humphrey, 3 per cent were for Nixon, and 3 per cent were undecided.

In North Shore suburbs, the races were closer. Of the 1,123 residents polled in Lake Forest and Lake Bluff, 47 per cent expressed a preference for Nixon, 25 per cent selected Humphrey, 3 per cent named Wallace and others, and 25 per cent were undecided.

In Winnetka and Glenview, the number of undecided outweighed the number who expressed a preference for either Humphrey or Nixon. Of 933 polled in Winnetka, 42 per cent were undecided, 31 per cent were for Humphrey, 25 per cent were for Nixon and 2 per cent for Wallace. In Glenview, of 342 polled, the totals were 23 per cent for Humphrey, 33 per cent for Nixon, 1 per cent for Wallace, and 43 per cent undecided.

A poll of 354 voters taken in Carl Sandburg Village in the near north side showed Humphrey with 42 per cent, Nixon with 31 per cent, Wallace with none, and 27 per cent undecided. Downstate, Humphrey held his own.

In Champaign, of the 2,545 people polled, 35 per cent expressed a preference for Humphrey, 28 per cent for Nixon, 3 per cent for Wallace, and 32 per cent were undecided.

In Charleston, out of 5,000 canvassed, 45 per cent chose Humphrey, 47 per cent chose Nixon, 3 per cent chose Wallace and 5 per cent were undecided. In Rock Island, 2,000 individuals expressed these preferences: 21 per cent for Humphrey, 19 per cent for Nixon, 17 per cent for Wallace and 21 per cent undecided.

Soldiers & Sailors To Get Job Training

Project Transition will help equip 50 servicemen at Fort Sheridan and Great Lakes Naval Training Center with civilian job skills under the Man-power Development and Training Act.

Most of the soon-to-be-discharged soldiers and sailors will receive training for civil service jobs or as television repairmen. All presently lack marketable civilian job skills.

The U. S. Department of Labor and Health, Education, and Welfare will contribute \$37,650 for the courses under classroom training provisions of the manpower act.

McClory Endorsed By ACA

Twelfth District Congressman Robert McClory was endorsed for re-election by ACA (Americans for Constitutional Action). The non-partisan National Organization, headquartered in Washington, D. C., said it was endorsing Congressman Robert McClory, R-Lake Bluff, because of his consistent voting record for constitutional principles.

Charles A. McManus, Executive Director of ACA, stated, "Bob McClory is best judged by his performance during his six years as a Member of Congress, serving in the U. S. House of Representatives. His legislative record gives factual evidence of his valuable service to our Nation. He stands firm against the liberal pressures in Washington, the wild spending schemes, and the permissive society offered by the proponents of the Great Society."

"Congressman McClory has repeatedly stood for fiscal responsibility; firm responsible opposition to the Communists; and for law and order for our Nation."

Americans for Constitutional Action (ACA) periodically rates all members of Congress on issues which are of major National importance and adherence to constitutional principles. ACA's executive director stated, "If every member of Congress voted like Congressman McClory, there would be no Federal debt, inflation would not be a problem, our National military strength would not be in question, Americans would be paying lower taxes, and our wives and children would not be in constant fear for their safety."

McManus cited Congressman McClory's voting record as outstanding and asserted that he is the kind of Congressman of which we need more. "He puts the interest of the United States first and works continually for the preservation of the constitutional government."

The endorsement of ACA brings to the Congressman the support of highly distinguished citizens, Democrats, Republicans and Independents, who are members of ACA's Board of Trustees.

"Congressman McClory is now serving his third term in Congress and is a member of the important Judiciary Committee."

Methodist Youth Day On Nov. 2

About 3,000 high school age youths and their church leaders are expected to attend Illinois Wesleyan University's 11th annual Methodist Youth Day Saturday, Nov. 2, at Bloomington.

Nearly 1,400 group reservation cards have been mailed to ministers and church youth leaders of United Methodist churches throughout Illinois.

The purpose of the event is to give high school students an advance look at college life.

The day's activities will begin at 9 a.m. with tours of campus buildings. A convocation featuring a rock and roll group will begin at 10:30 a.m. and last until noon on Wesleyan's tennis courts. In the event of rain, the convocation will be in Memorial Gymnasium.

Following a noon luncheon at Wesleyan Stadium, the visitors will take part in a 1 p.m. pep rally at the stadium and attend a 1:30 p.m. College Conference of Illinois and Wisconsin football game between Wesleyan and Carroll College of Waukegan, Wis.

Any United Methodist youth who has not been informed of the details of Methodist Youth Day and who is interested in attending, should contact his church minister or youth leader.

"Birds & Their Food" To Be Presented At Conservation Meet

Mr. Floyd Swink, Taxonomist and expert on plant identification from the Morton Arboretum in Lisle, will be the featured speaker at the Annual Conservation meeting at Barrington's Middle School, 215 Eastern Avenue, on Saturday, November 2nd, from 2 p.m. till 5 p.m. sponsored by the North Cook County Soil and Water Conservation District.

The topic will be "Birds and Their Food," and the presentation will include colorful slides. Mr. Floyd Swink is well known. He has studied nature in the Chicago region for 30 years, and is the author of the book "Native Plants of the Chicago Area." He has spent seven years as a naturalist with the Cook County Forest Preserve District, and is a member of the Audubon, Wildflower, Preservation, and Chicago Ornithology Societies, and of "Friends of Our Native Landscape."

In addition, the record album "A Field Guide to Bird Songs of Eastern and North-Central America" featuring over 300 actual wild bird calls, taped in the field, will be played. This is keyed to Roger Tory Peterson's "A Field Guide to the Birds" and visitors are invited to bring their field guides and follow the calls page by page.

Other features of the Conservation meeting will include displays by local 4-H and Scout groups, specialists on ponds, restocking of ponds, aquatic weed control, soil surveys and their use in planning layout of septic fields, house foundations and road locations. New pamphlets on these subjects will be available. There is no charge. The school is located off East County Line Road, between Ela Road and Rte. 14.

PM&L Has Season Tickets Now

Season tickets for the Palette, Masque & Lyre presentations for 1968-69 are now on sale, at a reduced cost.

The organization will present "Thunder Rock" on Nov. 1, 2, 8 and 9, directed by Josef Hunley; "Visit to a Small Planet," Feb. 14, 15, 21 and 22, directed by Alastair Ramsay; and "The Rainmaker," April 18, 19, 25 and 26, directed by Donald Beveroth.

The price for a season ticket is a modest \$4.50 and they can be obtained by writing to PM&L, Box 23, Antioch, or arrangements can be made by phoning 395-9539.

Purchase of the season tickets will help the community theatre stay alive to continue its growth toward a cultural and recreational force for its members and audiences alike.

Curtain time for all performances is 8:30 p.m.

CHEM COURSE AT LAKE VILLA SCHOOL

"Chemistry for Kids," a five weeks short course in chemistry will be offered at Lake Villa Grade School on Saturdays from 7:30 a.m. to 10 a.m. starting November 9.

Dr. Calvin Midgley will be the instructor and the course is open to anyone interested in chemistry, from sixth graders to folks in their 90's. A fee will be charged to cover all materials and books.

The course is especially recommended for students who find chemistry difficult.

There will be no home work and everything taught will be demonstrated by experiments.

Registration can be made at the Lake Villa Grade School week days during school hours.

Nurses Invited To Smorgasbord Dinner

The 16th district of the Illinois Nurses Association will co-sponsor a dinner meeting with the American Red Cross on November 4th at 6:30 p.m. at the Swedish, Glee Club, Waukegan.

All R. N.'s and L.P.N.'s are invited to attend.

Mr. Harry Henderson, Public Relations Representative of Lake County Chapter of American Red Cross will explain exhibit of Panorama of Red Cross activities. The nursing services of Lake County American Red Cross will present a panel of:

Disaster Programs, by Mrs. Tillie Deech
Nurse Enrollment, by Mrs. Beverly Battaglia

Nursing Programs in Lake County, by Mrs. Phyllis Nye.

Then discussion is invited. This will be a smorgasbord dinner at Swedish-Glee Club at 6:30 p.m., Nov. 4.

For information contact 16th District I.N.A. to Mr. Nick Cullen, Lake County T.B. Sanatorium, Waukegan, Ill.

Conversation is probably the foremost delight of civilized life.

McClory Speaks At L.C.C.A. Meeting

United States Representative Robert McClory addressed a special meeting of the membership of the Lake County Council on Alcoholism in the auditorium of the Waukegan Public Library, Oct. 24.

McClory discussed the growing concern of Government at all levels, with the problem of alcoholism. He said, "All candidates are facing the issue of rising crime in the United States. Behind a great part of this crime lies alcohol abuse. Federal funds are now being made available for the construction of alcoholism treatment facilities, but the challenge of changing public attitudes toward this disease is in the local community—this is where the real groundwork needs to be done."

Mr. Frank Greenleaf was elected Vice-President of the Council. Mr. Greenleaf is a Public Relations Representative of United States Steel Corporation.

Francis O. Archer, recently honored by the Secretary of the Navy for 40 years of service to the Government, as navy man and E.S.O. employee, was named Secretary of the Council.

Plans are being made to conduct a seminar for Organized Labor. Most Labor Unions have enlightened alcoholism programs.

Reserve Trees Now Says Ray Nicholas

Application blanks for state nursery tree stocks for next spring's planting are now on hand at the office of Ray T. Nicholas, Lake County Extension Adviser.

You may reserve state nursery stocks to establish a stand of trees, prevent wind and water erosion, provide food and cover for wildlife, or to enrich an existing stand.

This year's stocks include red cedar, bald cypress, jack, red, Scotch, white loblolly and short-leaf pine that are usually adapted

Improve Driving Habits

Most drivers spend a great deal of time behind the wheels of their cars every year. You should become a skilled driver if for no other reason than the time spent in driving. Unfortunately, good habits are not built by a continual practice of bad driving practices. Analyze your driving, suggests Jerry Klebe, Executive Director, Lake County Safety Commission.

Can you predict what will happen next to you in traffic? If you are a good driver, skilled in the smooth operation of your vehicle, proud of your performance record, you can answer yes to this.

Leaves are now falling in multiplying numbers on our streets. Unfortunately, many youngsters file them up and cover themselves with leaves along curbs. Watch out for them. You'll never forgive yourself if you should run across one of these hidden braves.

It's a long time from May to September goes a song. September also marks a difference in seasonal driving in this State. Get ready now for fall and winter driving. Remember, there are slippery roads ahead.

About the best advice one can give another driver is to expect the unexpected. Klebe urges you to drive as though your life depends upon it. Too often, it does.

to old field conditions where broad-leaved native species offer poor promise through planting. Christmas trees, posts, pulpwood and sawlogs are major forest products.

Ash, black walnut, tulip poplar, black, red, and white oak are adapted to upland situations where they are useful in reinforcing thin stands of native timber. Cottonwood, red gum, soft maple and sycamore are choices for planting in pure, unmixed stands in bottomlands. Most upland and bottomland species are good for both pulpwood and sawlog production, Nicholas says.

Species especially intended for wildlife needs include autumn olive, bush honeysuckle, gray and silty dogwood and multiflora rose. Prepared wildlife packets are again available. Black locust and black alder are useful in stabilizing severely eroding soils.

Areas suited to tree crops include steep, erosive soils, land with low fertility levels and small acreages cut off by streams or other barriers from the main part of the farm.

Reserve your tracts now, if you intend to plant next spring, Nicholas advises.

You can pick up your copy of the price list and application blank at his office on the Lake County Fair Grounds, Route 45, North of Illinois 120.

gift packages recently received at this hospital. The many packages received from you in the past have been very much appreciated by the patients, and these recent packages definitely add to that appreciation.

"The candy, soft drink mixes, ball point pens, writing paper and envelopes pleased the patients very much. Probably the most valued item in the packages was the popcorn. Some popcorn poppers are available for use on the wards and the patients are truly grateful for having popcorn available to eat while watching television. As you probably realize, television is available a few hours each day.

"Again, thank you for remembering our patients. Your thoughtfulness is most commendable."

That letter was signed by Ouida R. Mire, Lt., AHC, Chief, Nursing Service.

Postmaster Robert Carter also announced that tons of St. Nick's gifts will be going to members of the Armed Forces in Vietnam by special ship, thanks to a joint Post Office-Pentagon effort.

A fast US cargo ship will be designated the "1968 Santa Claus Special," sailing from Oakland, Calif., next month with Christmas parcels.

The packages should be mailed before Nov. 9 and be marked "Santa Claus Special" just below the stamps.

Post offices have free pamphlets available which outline the mailing programs for servicemen and women overseas.

Museum New Hours

Visiting hours have changed at the Museum of Science and Industry as of Sunday, Oct. 27, when central standard time returned to the Chicago area.

Until daylight saving time returns next April, the Museum will be open to visitors between 9:30 a.m. and 4:00 p.m., Monday through Saturday; and from 10:00 a.m. to 6:00 p.m. Sundays and holidays.

Admission to the Museum is always free.

"I rode the Monorail train from Tokyo to Yokohama—it took 10 minutes and we traveled over 100 miles per hour.

"I saw Mt. Fuji, walked around the port of Yokohama and saw all the merchant ships being loaded and unloaded. It was quite the sight!

"Japan's climate is similar to here—it was around 65 during the day and 60 at night.

"I received quite a few packages from Project Vietnam, and they were sure appreciated, and a real morale booster. You can imagine being on one of these missions in a jungle, and having a chopper drop down from the sky with your mail—and there's a package from the people of Antioch! It was wonderful!

"You have to be over in a place like Vietnam to realize what life is all about—you can lose it so fast. Many of my best buddies were killed as they fought right next to me—the men over there are fighting hard and I've seen many examples of heroism in helping one another. There are no race problems that I could see on the fighting front in Vietnam. All the men were 'brothers' and color made no difference."

What's next for Frank? Right now he is looking forward to his coming marriage to Patricia Dibble of Lake Villa. The wedding ceremony will take place on Nov. 2 at St. Peter's Church at 3 p.m.

Frank graduated from Antioch High School in 1965 and Pat graduated the following year. She is a beautician, formerly employed at Heins in Waukegan and plans to go with Frank to Fort Knox.

Frank will have six months to go before his discharge in May of 1969.

Defensive Driving Course Offered Again For Oldsters

Antioch's older drivers will soon have another opportunity to attend a special program of instruction that will assist them in meeting the increasing demands placed on motorists using today's more complex automobiles and highway systems. The courses are being presented by the Antioch Area Chapter No. 387 of the American Association of Retired Persons, in cooperation with the National Safety Council.

The program is aimed at improving traffic safety and eliminating the discrimination that exists against older drivers solely because of age. To help achieve these goals, the National Safety Council's standard program of driver instruction has been adapted especially for older drivers.

All persons 55 years of age and over are invited to attend the eight-session Defensive Driving Courses, which will be directed by John L. Horan, 407 Orchard Street; Harold Lindberg, Rt. 4, Box 209 and John Mulac, 114 4th Ave., all of Antioch, who have been trained by the National Safety Council.

The Defensive Driving Course will begin at 10 a.m. on Monday, Nov. 4, and repeat same on Wednesday, Nov. 6, in the Community Room, basement of the Antioch Savings & Loan, 425 Lake St., Antioch.

Interested persons should contact John L. Horan, Tel. 395-0645, for further information.

The Driver Improvement Program for older persons is being sponsored nationally by the National Retired Teachers Association in cooperation with the National Safety Council.

Ken Hultgren, NRTA Director, pointed out that the Defensive Driving Course for older drivers is not intended for beginning drivers and there is no passing or failing the course.

Sr. Marian Colette Listed In Who's Who

Milwaukee, Wis.—Sister Marian Colette, O.S.F., the daughter of Mr. and Mrs. Frank Colette, Rte. 4, Antioch, has been listed in the 1968-69 Who's Who in American Colleges and Universities. The recognition is based on scholastic and extra-curricular achievements.

At Alverno, a liberal arts college for women, Sister Marian is chairman of the college's current affairs secretariate.

New Clerk For Lindenhurst

Rosemary Castle resigned as Lindenhurst's village clerk after serving for one month.

Mrs. Raelene Gibbons, wife of Village board member John Gibbons, was sworn in as village clerk. This is the second time Mrs. Gibbons has filled an unexpired term as village clerk.

Richard Finley was named to fill a vacancy on the village zoning board and Eugene Horn will replace Mrs. Nina Nicolsia who resigned from the planning board.

The trustees voted to increase the membership of the planning board from six to nine members. Two men and a woman will be selected to fill the three additional seats.

Ordinances were adopted regarding maintenance and control of dead and diseased trees. The board also adopted an ordinance on a curfew, but an ordinance on the shooting of pellet guns and firearms in the village was tabled.

Two probationary appointments were made for the police department, that of Anthony Barth and Robert Williams.

Poster Winners . . .

(Continued from page one) and Mozell Roth, all of St. Peter's and David Enzbacher and John Rosquist of Oakland Schools.

The winning posters will be on display at the First National Bank of Antioch, and the other entries will be distributed for viewing to other merchants in Antioch.

First place award was a \$25.00 savings bond donated by the First National Bank of Antioch. Second prize was \$15 cash; third, \$10 cash, fourth \$8 cash; fifth \$5 cash; sixth \$3 cash.

The prizes will be awarded to the winners Saturday.

Philatelic Society Offers Cachets

The Springfield Philatelic Society is sponsoring a bi-colored cachet for the December 3rd dedication of the recently-restored Old State Capitol. This is also the date Illinois was admitted to the Union 150 years ago.

Cacheted covers franked with the Illinois Commemorative observing this date may be ordered from the Society, Box 273, Springfield, Ill. 62705.

Peelable labels will be furnished. The deadline for orders is November 30 at Springfield.

Cubbers Pow Wow Saturday At H. P.

The North Shore and Evanston Area Councils of the Boy Scouts will combine to conduct the 16th Annual Cubbers Pow Wow on November 2, at the Edgewood School in Highland Park, beginning at 12 noon.

The Cubbers Pow Wow is a training session for den mothers, cubmasters, and other adults involved in leading the 6,900 Cub Scouts served by the Evanston and North Shore Councils. The Pow Wow provides training in Pack and Webelo operation and activities, crafts, skits, games, and other Cub Scout activities.

Edgewood School is located at 929 Edgewood Road, off Green Bay Road. Registration for all interested Cub Scout leaders and committeemen will begin at 12 noon.

Fly The Flag Election Day

Congressman Robert McClory today praised the Women's Republican Club of Lake Forest-Lake Bluff for initiating the project "Fly the Flag Election Day."

In indicating his support, Congressman McClory commented to the President of the Lake Forest-Lake Bluff group, Mrs. Albert Gravenhorst, as follows:

"In this election, regarded by many as the most critical since the 1860 election held on the eve of the Civil War, it is most essential that we look to the preservation of our national heritage. Flying the American Flag on election day can emphasize the faith of all Americans in our system and in our determination to meet the challenges of our time. I am confident that not only Republicans, but all Americans, will want to lend their support to the 'Fly the Flag' project on Election Day—Tuesday, November 5th."

Sept. Traffic Deaths Down

September traffic deaths totaled 230, according to reports by the Division of Highways and the Illinois State Police. This is a decrease of three per cent from the 238 reported in the same month during 1967.

Late reports increased the July total to 231 and increased the August total to 234. The death toll of 1,803 for the first nine months represents an increase of

Singers Invited To Join L.C. Chorus

Rehearsals of the Lake County Community Chorus will be held from 7:30 to 8:30 on Tuesday evenings at the Music Center, located in Bowen Park, 1917 N. Sheridan Road, Waukegan. The chorus is open to anyone in the Lake County area who is interested in singing.

The new director of the chorus, replacing Robert Christensen, who moved to St. Louis, is William Adea, a graduate of Northwestern University, has taught in Waukegan for the past 8 years, and is currently the choral director at West Campus.

The chorus offered rewarding experiences for those who sang last year, recalled Goodman, including a performance, with orchestra, of the Gloria, by Vivaldi at the First Methodist Church in Waukegan, and goodwill performances at Downey Veterans Hospital at Downey. Similar programs are planned for this year.

Further information can be obtained by calling the Music Center of Lake County at 244-4270.

AGS Workshop Well Attended

An Art Workshop was held at the Antioch Grade School Friday, Oct. 18. Schools represented were Antioch Grade School, Oakland, Channel Lake, Lake Villa, Prince of Peace, Grass Lake, Emmons and St. Peter's.

Mr. Richard Whitacre, Superintendent of Antioch Public Grade Schools, gave the welcoming address which was followed by a discussion on "The Art Program and Classroom Management," directed by Mrs. Belle Ulvila, Art Supervisor, School District 151, South Holland, Illinois.

Workshop activities followed. The Art Workshop was planned under the direction of Mrs. Vera Driver, Region 1, Curriculum Consultant, Office of the Superintendent of Public Instruction.

Sequoits Victory Away From Conference Title

Antioch's Sequoits will finish up its grid season at home this Saturday—just one victory away from winning its first conference championship since 1942.

The Sequoits will face Round Lake holding onto a slim half-game margin over second place Warren.

Round Lake was in the thick of the race until lambasted a week ago by Lake Forest, the only team that marred the Sequoits' record this year and that was a tie.

Antioch won its fifth conference game last Saturday by a lopsided 37-0 romp over Grayslake.

Warren closes with winless tailender Grant and the Blue Devils should have an easy time. Dave Camp, the conference

scoring leader made four touchdowns for the Sequoits last Saturday on runs of 15, 12 and 5 yards and scored the fourth on a 10-yard pass from quarterback Steve Owens.

Antioch scored its first touchdown in the first quarter when Don Effinger blocked a punt and the ball was put in play on Antioch's 43 yard line. With 37 seconds left to play in the first quarter Owens dashed 30 yards for a touchdown. The try for the extra point failed.

In the second quarter with 7:07 left and the ball in play in Antioch's possession, Camp scored on the pass by Owens. Owens scored the point after and then in the same quarter Grayslake fumbled on their 28 yard line and Jim

Carlson picked up the ball and galloped to the Rams' 15.

Camp then scampered across on a 15 yard run but the point after failed again. At the half Antioch led 19 to 0.

Owens completed 7 of 20 passes for 65 yards and passed to Camp and end Jim Carlson for touchdowns before junior quarterback Lou Nielsen, who played most of the second half took over.

In the third quarter Ralph Zancz intercepted a pass on Antioch's 40 yard line and returned it deep into Grayslake territory. Camp then scored on a 12 yard run.

Carlson then intercepted a pass on Antioch's 38 yard line and several plays later Camp scored again, this time on a 5 yard run. All of the players got into the game and Nielsen completed 5 of

11 passes for 66 yards. He had an additional 25 yards and two touchdowns on passes to Tom Nickerson and Camp but they were called back because of illegal procedure penalties.

Antioch 6 19 12 0-37.
Grayslake 0 0 0 0-0
Antioch TD—Camp, 4 (5; 12; 15-yard runs, 10-yard pass from Owens); Owens (30-yard run); Carlson (10-yard pass from Owens); PAT—Owens (run).

Antioch Frosh Beat Grayslake

Antioch 14 — Grayslake 6

The Antioch Frosh remained undefeated by defeating Grayslake 14-6 last Friday. The game was the third in seven days for Coach Norm Hahn's junior Sequoits.

Coach Hahn feels the mounting pressure of an undefeated season and the tight schedule resulted in the rather poor performance by the team Friday. "It was definitely our worst game of the season. I hope they got all of their problems out of their systems. Our last game is a real big one with Round Lake Saturday.

day. They have a 7-1 record." To illustrate the frustrations of the game, the Sequoits fumbled 6 times and lost the ball 5 of those times. They managed to have 2 yards offensively the fourth quarter.

Scoring for Antioch was Jim Revell on a 57 yard pass-run and Greg Crutchfield on a 1 yard plunge. The PAT's were scored by Rich Brasfield and Doug Camp.

Larry Loef was credited by Coach Hahn for a good defensive game. Loef led the team with seven tackles and 12 assists.

The "B" team finished their season on a happy note by winning 26-0 over Grayslake. Coach Steve Wapon's boys showed the improvement they have made this season by piling up much yardage. Scoring for the "B" team were Ken Sterbenz twice, Jerry Jakob and Rick Simon. Mike Effinger and Sterbenz scored extra points. Bill Weber was the outstanding lineman in the game.

Rams Beat Sophs 19-0

The Antioch Sophomore Sequoits suffered their second loss in a row, bowing to Grayslake 19 to 0. This leaves the Rams undefeated in conference play with the final game against Lake Forest remaining.

Antioch could not develop a sustained drive against Grayslake which kept the defense in a hole throughout the game.

During the first half the defense proved themselves a number of times. Grayslake was stopped twice inside the 25 yard line, and just as many times inside the 20 yard line. Jon Story and Jim Gaa led the defense with nine tackles each.

To date this year, the team has scored 89 points while allowing 64 tallies to the opponent. They have won 4, tied 1 and lost 2.

Round Lake is the last game of the season (to be played at home this Saturday) and every sophomore football player will be giving his all to make it five wins.

Rifles Meet Rams Sat.

The half-time entertainment for the Lake County Rifles-Rockford Rams game to be held on November 2, at Weiss Field, Waukegan will be the Brother Rice High School Marching band of Chicago. The band is directed by Leo Henning and assisted by John Franks. The Brother Rice Band has twice had the honor of being the official welcoming band for President Johnson in Chicago.

Also the Great Lakes Blue Jackets Choir will open the game by singing the National Anthem.

Leisure is just a dead weight unless we have a regular job to do at the close of our vacation.

Denman First Sequoit In State Meet

Chuck Denman, of the Antioch Cross Country team, has won the right to compete in the state competition this Saturday, Nov. 2, at the Savoy Country Club in Champaign, Illinois.

Denman is the first Sequoit to make the state competition.

In the District Meet last Saturday at Crystal Lake, Denman finished 4th out of 150 runners. Antioch's Keith Church came in 9th. The top five runners are eligible for the State Meet.

Antioch's team placed 10th in the district meet. Coach Adrian Mueller said that the absence of Bob Biaggi who was out due to illness hurt the Sequoits considerably.

McHenry won top spot in the district meet, followed by Lake Forest and Woodstock.

Hunters may obtain permits for weekends and week days on all areas except the Des Plaines and Chain-O-Lakes areas. On these areas there are week day openings only.

The man who flees from the burden of responsibility is simply running away from success.

Keith Church of Antioch's Cross Country Team, finished 9th in the District meet last Saturday at Crystal Lake. There were 150 entries in the competition.

What prompts a man to drive a \$5000 car ten miles out of his way to save 2 cents a gallon on gasoline? Man, it's the principle of the thing.

Delavan Beats Rifles 24-21

The Lake County Rifles gave up their chance for a title play-off as they lost to the Delavan Red Devils last Saturday night at Delavan by a score of 24-21. The Rifles also sustained injuries to Lew Flinn, starting quarterback, with a pulled leg muscle, and regular center Lee Wahlgren with a shoulder injury. The Rifles needed a victory to remain in title contention going into their game with Rockford this Saturday.

The game was marked with penalties, interceptions and fumbles which proved disastrous for Lake County. Delavan took over the ball on five Rifle drives by intercepting five passes and recovering a Rifle fumble.

Delavan's first score came after they drove 80 yards, by a 5 yard touchdown run by Delavan back, Jim Ganaung.

Delavan scored twice in the second quarter. After Loyall Grovesen's punt fell dead at the Rifle 2 yard line, Bill Bodle was tackled in his own end for a safety, making the score 8-6 Delavan. With :02 left in the period, Bob-Berezowitz kicked a 35-yard field goal which put Delavan in the lead 11-7.

In the third quarter, the Rifles lost no time getting on the scoreboard. The Rifles drove 74 yards on a series of short runs and passes to the Delavan 4. Flinn then passed to Angelo Dabiero over the middle for a touchdown.

Honer's kick was good making the score 14-11 Rifles.

In the closing minutes of the 3rd quarter, Lew Flinn scored on a quarterback sneak—concluding a 65 yard march, for the last Rifle score of the game.

The game winning touchdown for Delavan was a 47 yard pass play from Berezowitz to Jim Ganaung. Berezowitz's punt attempt was good.

In the waning minutes of the 4th quarter, Tommy Myers took over for the injured Lew Flinn at quarterback. A fumble by Bodle and a Delavan interception stalled two Rifle drives.

Rifle running back Bill Bodle, the leading rusher in the Central States Football League, broke his rushing record of last year, despite Delavan's obvious efforts to stop him. Ron Curry, the other Rifle running back, had the best game of the season by gaining 112 yards rushing.

This Saturday, the Rifles play against the Rockford Rams, the Southern Division leaders, at Weiss Field in Waukegan.

Those enrolled attend classes one night each week for three or four years. There are courses in

Policy Set On School Lunches For Needy

Secretary of Agriculture Orville L. Freeman today announced procedures and standards under which the Nation's schools will be guided in providing free or reduced-price lunches and breakfasts to needy children.

The Secretary said the major objectives are "to see that all needy children are provided meals on a consistent, uniform basis in individual schools and in all schools within the same school districts or jurisdictions." The guides also provide for protecting the anonymity of youngsters getting the special help.

"These standards mark a tremendous step toward our goal of enabling every child to obtain nutritious food at school, regardless of his parents' income," Secretary Freeman said.

"Many of our State school lunch cooperators have long recognized that leaving the determination of need to individual school officials without giving them some measuring sticks was unsatisfactory.

behavioral sciences, communications, industry psychology, financial controls, marketing and labor-management relations. The faculty includes 18 businessmen, consultants and college and university teachers.

There are 38 member companies and a total enrollment at present of 420 in the regular curriculum and 27 in new Master of Science program which was initiated this year.

In a National Workshop last March, the State School lunch directors formally recommended that the U. S. Department of Agriculture take the action announced today," he said.

In general, the standards and procedures—and revised regulations under the National School Lunch and Child Nutrition Acts to implement them—call upon each state to provide policy guidance and assistance to local school boards in developing their standards. Local boards will be expected to make public announcement by February 1, 1969, of the standards they are applying in schools under their jurisdiction.

The Secretary noted, however, that many local jurisdictions have already taken these steps.

The procedures outlined will enable each State and community to judge need in the light of local conditions, cost of living, income levels, and similar economic factors. Children from families eligible for USDA food assistance under the commodity distribution of food stamp programs, and from families receiving public assistance will generally be considered eligible for the free or reduced price lunches and breakfasts.

The Secretary said that the added funds available this year—some \$50 million more than last year—specifically to help needy-area schools meet the cost of providing high percentages of free or reduced price meals, are a

The Lake County Safety Commission reviewed progress on highway repairs, installation of Stop signs and discussed various traffic problems at their meeting Oct. 14.

Harold Wilson brought up as new business the matter of water on Rte. 173 Antioch, which could create problems.

Letters from Round Lake and Lake Villa Schools were received voicing appreciation and approval of the School Poster Kits which they received from the Safety Commission.

The next meeting of the Commission will be on Nov. 18 at 7:30 p.m. at the County Building in Waukegan.

The same procedures and standards will be applied to USDA-assisted food service programs in pre-school child-care centers, organized recreational activities, and similar non-school groups.

The complete procedures, and amendments to the school lunch and child nutrition regulations, was published in the Federal Register on Wednesday, Oct. 23.

Lorenz Swipes At Ogilvie

Francis S. Lorenz, former Director of the Illinois Department of Public Works and Buildings, said today that Richard B. Ogilvie, Republican candidate for governor, need have no fears that the new state highway building at Springfield might collapse on him.

"If Mr. Ogilvie is afraid to enter the building, then it must be said that the 1,100 state employees who work there have an extraordinary high degree of courage," said Lorenz, who now is the Democratic candidate for Illinois Attorney General.

Ogilvie said in a political speech in Sangamon County that the highway division building at Springfield has suffered "five earthquake-like" tremors in recent weeks.

"If there are any earthquakes in Illinois they will be recorded on university seismographs," Lorenz said. "We don't have to guess about that. The record is there, and there have been no earthquakes."

Viewers Laud Art Show

An enthusiastic crowd of gallery-goers visited the Northern Illinois Gas Company general offices near Aurora, recently, where it viewed an outstanding and exceptional display of original art by prize-winning artists from 1968 Chicago art fairs.

The exhibit, called "October Palette, the Best of 1968," was acclaimed by the judges as one of the finest showings of art works in the area.

The judges were Doris Lane Butler of the Chicago Museum of Contemporary Art; Stuart Sewell, instructor, fine arts department of Waubesa Community College, Aurora; and Carl Stolin, Jr., producer of Pheasant Run and Mill Run Playhouses.

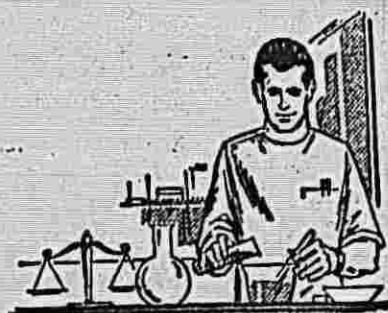

Blue ribbon awards were presented to Valerie Krakar of Joliet, Carol Lubick of Lockport, Thomas Parr of Chicago, Charlotte Pollari of Villa Park, and Gloria Malarik of Lake Forest.

Honorable mention awards were given to Carol Briscoe of North Riverside; Carol Critchfield of Riverside; Edward Jaunsem of Broadview; Mildred Jecmen of Westchester; Helyn Landon of Lake Forest; Gene Lindman of Munster, Indiana; Ruth Andris of Chicago; Thomas Hlubben of Northbrook; Lois Palmer Huth of Cicero and Cecile Strawn of DeKalb.

"However, if Mr. Ogilvie had done his homework properly, he might have discovered that tremors or shock waves are felt in this building, and he might have found out what caused them."

"But it is quite apparent that Mr. Ogilvie did not complete his homework, because he did not say what was responsible for the tremors. Let me tell you. Across the highway and south of the

building is the Poston Brick Company quarry. It is quarrying shale by drilling and the use of explosives. When they let off a blast of explosives in that quarry, vibrations are felt in all buildings in the vicinity."

Lorenz said Ogilvie is conducting a "scare" campaign in Sangamon County, ill-advisedly trying to instill fear in public employees.

People don't break down from overwork. They break down from forcing themselves to do jobs for which they are unfitted or which they dislike to do. An internal conflict is usually involved in a breakdown.

These are the things to look for in a great road car. And every day more and more people are finding them in the 1969 Ford.

Wider. The '69 Ford hugs the road with as wide a track as Cadillac.

Longer. The '69 Ford smoothes your ride with a longer wheelbase than Chevrolet. Yet it turns in a smaller circle than last year's Ford.

Roomier. We've grouped all the controls in front of the driver, made our front passenger compartment so spacious people are calling it the Front Room.

Quieter. Our '69 LTD is designed to ride even quieter than the LTD that rode quieter than Rolls-Royce.

Record first-month sales of the '69 Ford tell us we've got a good thing going. A test drive will tell you.
